## REORGANIZATION OF WEAK SCHOOL DISTRICTS TO START

### Referenda Involve Sixteen Districts in Four Counties

#### VOTE ON THEM NOV. 2

#### List Proposals To Be Submitted To The Voters

By Suzanne Fleck

I. N. S. Staff Correspondent

HARRISBURG, Oct. 18—(INS)—Reorganization of financially weak school districts will start November 2 when seven consolidation plans go before voters.

The referenda involve 16 school districts in four counties, the Department of Public Instruction reported today. The proposed mergers are the first approved by the Council of Education which must sift all reorganization plans submitted by county school superintendents under a legislative act of 1947.

Voters will act on the following proposed consolidations:

Allegheny County, Breckinridge Borough and Harrison Township school districts.

erie County, East Springfield Borough and Springfield Township school districts.

Lehigh County, Cataqua Borough, North Cataqua Borough and Hanover Township school districts; Coudersport Borough, Lower Milford and Upper Sacon Township school districts; Copley Borough and Whitehall Township school districts; and North Whitehall and South Whitehall Township school districts.

Mifflin County, Newton Hamilton Borough and Wayne Township School districts.

Raymond W. Robinson, chief of consolidation and transportation, reported all counties have submitted blueprints for mergers, especially of fourth class school districts, to help solve local school financing problems.

Four major patterns emerged from the proposals, he said.

They called for (1) establishment of a county-wide school administrative unit to replace local districts (2) establishment of modified county-wide units which would combine districts having no superintendents (3) consolidation of two.

ATTEND LUNCHEON

A group of 50, members of Bristol Chapter, American War Mothers, and their friends, journeyed by train to Philadelphia on Wednesday.

Governor Dewey, who was returning from the voting for electors of the Council of the Republic in France showed Socialists leading, the Independents next, the de Gaulle's third and then the Communists. The popular Republicans lost heavily, and the Communists dropped slightly.

The consequences of Ireland's moves to sever the country's last link with the British Crown was discussed in London by leading Commonwealth statesmen.

THE SUMMARY OF THE NEWS

An Israeli communiqué reported yesterday the capture from Egypt of an important height in the fighting to reopen roads in the Negev. Foreign Minister Sherok asked the Israeli Government to agree to Acting Mediator Bunker's request for a temporary ceasefire. In Tel Aviv a Foreign Office spokesman denied reports that Israel might be willing to relinquish any part of the Negev.

Britain and the United States, it was said, will urge the United Nations General Assembly to sponsor a program to aid Arab refugees.

The Berlin airlift was praised by John Foster Dulles, who said, after having conferred with General Clay, that the United States' share in its operation was "not a matter of partisan politics."

Governor Dewey, who was returning to Albany from his second campaign trip, was reported to have told party leaders he would continue to serve as Governor of New York if elected President, until his inauguration. President Truman will fly to Miami today for a non-political speech at the American Legion convention but will resume his role as a candidate tomorrow.

The consequences of Ireland's moves to sever the country's last link with the British Crown was discussed in London by leading Commonwealth statesmen.

### PUTTING POLITICS FIRST

If you are interested in the political campaign, or concerned about world events, or just merely curious about the reasons people have for the things they do, by all means don't fail to read the lead-off article in this week's issue of Time, entitled "You Have to Do Something".

This is the inside story of President Truman's scheme to send Chief Justice Vinson direct to Moscow to talk over the Berlin blockade which has been wrestled with for months by Secretary Marshall, our British and French Allies in Europe, and, more recently, the United Nations itself.

The story is brought down to its simplest terms. The magazine makes it clear why the plan was decided upon, what it was supposed to accomplish, and how it came to be dropped.

It was decided upon because the President was desperate—because he found himself hopelessly behind in his campaign for re-election. The magazine quotes the President as saying: "I've got to do something dramatic."

What the mission was supposed to accomplish also is made painfully clear. Once Vinson had talked to Stalin, the White House would be able to announce that it had broken the deadlock. True or not, the announcement would electrify the American people long enough to carry through election day. The terrible repercussions would come later—when it was found out that this was another Munich-type pieces of appeasement, and that it had been accomplished at the cost of breaking up the Allied united-front in Europe, and of wrecking the United Nations.

And why was it dropped? According to Time, for a very simple reason: Secretary Marshall and Under-Secretary Lovett served notice on President Truman that they would have no part of such a scheme to sell-out our Allies—that they would resign instantly if the plan were not abandoned.

So tempting was the scheme, as a piece of political trickery, that the President tried to go ahead with it even after Marshall had protested; and the Secretary had to drop everything at the Paris conference of the United Nations, and fly back home to be certain the plan would be cancelled.

**SIREN IN THE SWAMP**

In Greek mythology the sirens of the Aegean were lovely-looking females who sang so sweetly, perched on their sea-swept rocks, that mariners were lured to their deaths. In German folklore, the Lorelei was a lady of the same ilk, up to the same tricks on the river Rhine.

This month in Cuba the sweet singing of the female has again been killing off the male of the species. The species is the malarial mosquito. The feminine love call, vastly amplified from a phonograph record, has been broadcast from loudspeakers set up in a mosquito-ridden swamp. Dr. Morton C. Kahn of Cornell Medical College is the wily genius of the scheme to play upon the mating instincts of the male mosquito.

His report of progress is that the carnage was terrific when the males came against the electrified screen surrounding the loudspeakers. Eagerly they buzzed in from a radius of two miles. Silently they died. Dr. Kahn counted their bodies—more than 40,000 in a few nights, before the numbers tapered off to almost none at all. Most of the female mosquitoes were left sterile, or would be if the tests were continued long enough.

Persons who have had frequent first-hand acquaintance with mosquitoes will be interested to read further reports of this deadly device. If it is really effective it may become a useful method of mosquito control in states that spent thousands of dollars every year in ditching or spraying. Effective spraying is often poisonous to beneficial insects as well as to higher forms of wildlife.

The scientists would not be working on this plan if they did not think it might be practical. Perhaps it is!

**Putting Politics First**

Continued from Page One

This inside story of the occurrence makes it clear that what Mr. Truman sought to do was one of the most disgraceful cases of putting politics ahead of statesmanship that American history records.

For a "slick-trick" to try to grab off a re-election which he hasn't been able to win on his record, the President was willing to blow his own cabinet apart, make his Secretary of State the laughing stock of the world, break up the anti-communist bloc of Allied nations in Europe—and probably shatter United Nations to its foundations.

We've already had much of this sort of thing under the New Deal. Repeatedly, our foreign policy has been twisted out of shape merely for temporary political advantage of the New Deal party. But this latest instance is the most glaring and terrifying of them all.

If you've had enough of this type of political trickery, of gambling with the world's future, what you can do about it is this:

Be sure to vote on November 2, and when you vote, BE SURE TO VOTE STRAIGHT REPUBLICAN. Mark your bal-

lot thus:

Washington, Oct. 18

IT HAS been said of this campaign

that there is really no big issue

between the two parties. There are

room for criticism and attack

true in domestic affairs.

## LIVER'S KICK GIVES BENSalem NARROW VICTORY

MORRISVILLE, Oct. 18.—"Eddie" Liver, drop-kicking specialist, gave Bensalem Owls a one-point, 12, victory over the Morrisville Dogs, Saturday night, before a wd. of 2,000 in the Robert Morrisium.

Liver drop-kicked the deciding a point and pitched the Owls both touchdowns in winning the game. It was the fourth straight for the unbeaten Owls who had been tied but once.

The mists of Coach Marion Horn were trailing, 12-0, at the start of the final quarter when he started his passing attack. First scoring pass was to George Anton and was good for 14 yards, then converted the extra point to make the count 12-7.

Shortly after, Oliver made a short pass to Frank Cantwell, who raced yards to score. Cantwell did one beautiful open field scamper for the score.

Morrisville scored in the first period on a 12-yard end run by Bob Liver who also made the second in the second session on a plunge from the one-yard line.ancis Mitchell missed both attempts at the extra point conversions.

Before the final horn sounded, Morrisville made a nice march of yards which was halted by the Bensalem forward wall on the 10-yard line.

A contract for \$427,000 was conditionally awarded Thursday by the board of directors of Grand View Hospital, Sellersville, for the erection of the proposed nurses' home, which, when completed, is expected to cost \$487,000.

The condition provides that at least 50 percent of the cost be available when the contract is signed. The contractor, R. M. Shoemaker Company, Philadelphia, agreed to hold the price for a period of 30 days.

It was pointed out at the meeting that the hospital already has \$60,000 on hand, and that \$190,000 more must be obtained to meet the contract stipulation.

Original plans discussed by the directors provide for a U-shaped structure.

The Shoemaker Company bid does not include the electric wiring and the insulation, the cost of which is estimated to be \$20,000. Equipment to furnish the building is expected to cost \$40,000.

When completed, the building is to house the student nurses, nurses and instructors.

### Set Maximum Membership For Girl Scout Committee

CORNWELLS HEIGHTS, Oct. 18.—A meeting of the committee of Girl Scout Troop 46 was conducted on Wednesday evening at the residence of Mrs. Robert Hoff. A motion was passed that a maximum of seven members will execute all important business.

All mothers who are interested are invited to attend the meetings which will be held on the first Monday of each month. Every third month a special social for mothers will take place. This move was advised through the leadership training course which is being presented in Cornwells Methodist Church. At the previous committee meeting it had been decided that the profits from the sale of Christmas cards should be placed in equal amounts to the credits of the girls and the troop treasury. This motion has been rescinded and the new one made that the amount of 25 cents be credited to the individual from each sale and the balance to be placed in the troop treasury.

Mrs. William Ervin reported on the sunshine box committee. Mrs. F. S. Lockhard reported that several Scouts received merit badges that should have been awarded in June, but were unobtainable at that

time. A "harvest home", to which all Scouts have been invited, will take place on Nov. 7, in the Rohm and Haas Co. clubhouse, at 2:30 p. m. Transportation will be provided by the committee. Each Scout is asked to take a parcel of food which will be presented to Christ Home. The proposed troop project is being postponed until after Christmas Holidays. Refreshments were served.

## VARRIORS LOSE TO ABINGTON BY SCORE OF 15 TO 14

ABINGTON, Oct. 18 — A touchdown by Henry Burnett in the last seconds of the game gave Abingon High a close 15-14 over a game Bristol High team Saturday afternoon, in one of the most thrilling games to be played here in years. The game winning touchdown was questioned strenuously by Captain "Jim" Sottile, of the Warriors, that he was put out of the game and Bristol penalized 15 yards on the following kickoff. When Coach Harry McElroy endeavored to find out, from his bench, why Sottile was put out, the Bristol team was reprimanded with 15 more yards. Sottile had also been refused a measurement for a first down.

Prior to the winning touchdown the Bristol fans became incensed when the officials granted Abington more than 25 seconds to run off a play. The play actually took 2 seconds to run and Abington was penalized and on this "long-count" Abington went to the one-yard line. On the following play, Burnett crossed the line and while crossing he fumbled. Bristol recovering. But the officials ruled that he was over.

Penalties during the game hurt Bristol. On one occasion, "Al" Daniel, intercepted a pass early in the game and ran into Abington's territory but the play was recalled and Bristol penalized for holding. The play put Bristol in a hole which ultimately led to an Abington score. On two other plays, Bristol made nice gains but the play nullified because of a penalty. Not counting fused penalties, Bristol lost 50 yards and Abington 15. Abington, had 9 first downs and Bristol 8. The second half playing was all for Bristol. Two plays gained six yards and Petrizz's punt was poor, only going to the Bristol 20. Burnett gained six yards then lost eight on an attempted end run. Daniel again intercepted a pass on his 11. Moll dug his way through the line for seven yards but Bristol was penalized 15 yards for holding back to the 5. On an attempted pass, Braam was nailed behind the goal line for an Abington safety and two points.

Petrizz kicked from the 20 and Burnett was dropped on the Bristol 48. Burnett got off on a nice end run and was pushed out of bounds by Daniel on the 19 yard line. DeTrent was nipped on a reverse but Burnett went on the other side for an Abington touchdown to make the score 8-8. Burnett also made the conversion point to make it 9-9. The quarter ended shortly after the kick-off.

The second quarter was more of an exchange of punts than anything. The playing was done mostly in Bristol's territory with the Warriors being held without a first down until the final play when Petrizz rifled a pass to Gracem White for 30 yards. White fumbled when tackled and Abington recovered.

Bristol played poorly in the first quarter which was enough to give Abington its first lead. Cherry kicked off to Welker on the 20 and ran to the 24. A Bristol fumble lost 5 yards and after two line plays, Sam Petrizz kicked to his 15. DeTrent was stopped by Wachol and Pearson without a gain. Daniel intercepted a pass and ran to Abington's 45, but Bristol was penalized for offensive holding and Abington given a first down. DeTrent lost a yard. A pass, caught by Fetterolf, was good for another first down on Bristol's 15 and Burnett swept right end for a first down on the Bristol five. Abington fumbled on

the next play and Sottile recovered to Sottile who was downed on the 1 yard line. Daniel went over and Moll kicked the extra point and the count was 9-7. Following an exchange of punts, Bristol was in possession of the ball on its 10-yard line as the quarter ended.

Braam tried a pass and Moll threaded his way through the line for five yards. Moll passed to Sottile who lateralized to Braam who in turn lateralized to Petrizz, putting the ball on Abington's 39. On the first play after this, Petrizz passed to Sottile who was knocked out on the Abington 25. Welker failed at the line but Moll passed to Sottile who was dropped on the 10-yard line. Moll took two terrific smashes at Abington's line and went over for the score. He also added the extra counter, making the score: Bristol 11; Abington, 9.

Monte kicked off to Dicker who ran it back to his 41. Burnett made 5 yards. A fumble failed to gain and Burnett added 4 more yards on an end run. Hedner kicked to the Bristol 15. Daniel made 4 yards and Petrizz made it a first on his 35. Moll and Petrizz netted six yards on two plunges and Moll failed on the next attempt. Kornstedt kicked to DeTrent who ran it back from the Abington 30 to Bristol's 41. DeTrent was nailed behind the line of scrimmage. On a reverse, DeTrent gained six yards. Burnett, behind nice interference, made a first down on Bristol's 22. Klauder was stopped without a gain. Burnett made eight yards and a pass failed. On the fourth down, Burnett caught a pass on Bristol's 11 for a first down. Burnett's end run carried him to the 4-yard line. Burnett fumbled on the 1-yard line. Burnett lagged it over on the next play for the deciding touchdown as he missed the extra point. The game ended following the kickoff.
